

WAKE UP, MAN.

Tell us, are you advertising  
in the same old foolish way  
That your grand-dad did before you.  
And persist, "It doesn't pay!"

Think the whole world knows your address  
"Cause it hasn't changed in years!"  
Wouldn't the pathos of such logic  
Drive a billy goat to tears?

"Just a card" is all you care for,  
Hidden lonesome and unread,  
Like the sign upon a tombstone  
Telling folks that you are dead.

Wake up, man, and take a tonic,  
Bunch your hite and make a dive,  
Run a page and change your copy,  
Advertise, and keep alive!

Rice Lake, Wis., in Trouble.

This city is in a big tangle over its municipal water and light plant. An expert accountant from St. Paul has just finished an examination of the city's books and found that the city is behind about \$7,000 and that the water and light plant is losing money right along, having run behind some \$3,000 in the last seven months. A petition has been signed and forwarded to the state public utilities commission to come and investigate affairs and advise what should be done. Taxes are 25 per cent higher than last year.—Minneapolis Journal.

From an Employee's Standpoint.

Mr. Richard Bell, M. P., secretary of a railway servants' labor union, has been traveling on some of the state owned railways on the continent. He says that the greatest impression his journey has made upon him is that men employed on these railways have not half the liberty and much worse conditions than men on the privately owned railways of England. "The stereotyped method of military discipline is enough to make any one sick."—Liberty Review.

Promises and Results.

When in 1902 Rickmansworth, England, was considering the purchase of the local gas works, the chairman of the council pledged his word as a business man that the city would lower the price of gas and make a profit which could be applied to the reduction of taxes. The price has, however, remained the same, and instead of the promised profit there has been a steady deficit, amounting last year to \$3,680.

Estimate Versus Cost.

In his message to the council at the close of his second term as mayor of Orange, N. J., Isaac Shoenthal called attention to the fact that, despite the original estimate of \$265,000 as the cost of constructing an auxiliary pipe line and reservoir, as well as other additions to the Orange municipal water system, the officials had thus far spent \$404,800 and were not finished spending money for the work.

If you're too fat just say to the druggist the magic word "Marmola." Take some and watch yourself grow slimmer and slimmer until you are comfortably thin. Then tell other fat folks about it. It's a good thing to remember the prescription:  $\frac{1}{2}$  ounce Marmola,  $\frac{1}{2}$  ounce Fluid Extract Cascara Aromatic and  $\frac{1}{2}$  ounce Peppermint Water. Take a teaspoonful after meals and before bedtime. ## BOOZE-BOAT MEN Of Ohio River Await Trial of Cincinnati Saloon Keeper

The error case of Frank L. Kendle, the Cincinnati saloonist, against the State of Ohio has been set for hearing in the Circuit Court at West Union on March 30th.

The decision is awaited with much interest by both the liberal and "dry" elements in the dry counties along the river, inasmuch as it will determine the right to sell intoxicants upon the Ohio river adjacent to territory in which the selling is prohibited.

Judge E. E. Corn in the Common Pleas Court of Adams county held that Kendle, who sold from a boat anchored in the river, notwithstanding he had a Government license was amenable to the Ohio law, and imposed a fine of \$400 upon him in two cases, while Judge W. W. Hole of Columbiana county, in a similar case recently held that the Ohio Courts had no jurisdiction.

## MR. JOHN KINNEY

A Prominent Indianapolis Lawyer, Says, "After Grippe Take Vinol. It Built Me Up and Made Me Feel Strong."

"The grippe left me in a nervous, weakened, run-down condition. Nothing seemed to restore my strength. At last I tried Vinol, with the very best of results. It built me up and made me feel like a different man, and I am now better and stronger than I have been for years." John Kinney, Indianapolis, Ind.

This is because Vinol is a genuine tonic and body builder which contains peptonate-of-iron, together with every one of the body-building medicinal elements of cod liver oil but without one drop of oil to upset the stomach and retard its work. Vinol acts directly on the stomach, creates a healthy appetite, and enables the digestive organs to obtain the necessary elements from the food eaten to make rich, red blood, healthy flesh and muscle tissue and create strength.

Your money back if Vinol fails to benefit.

MARTIN COONEY.

The venerable Martin Cooney died last night at the home of his daughter, Mrs. Edward Foley, at Moraneburg, after a protracted illness, aged 96 years.

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

## Are You in the Market for Your Spring Outfit?

You may not think of it, but it does make a difference to you who makes the clothes you wear, especially if the maker is willing to tell you what he makes them of and how. That's one thing we like about the Hart, Schaffner & Marx and Ederheimer, Stein & Co. clothes. (Both these lines confined to us.) They are made of strictly all-wool fabrics, and the makers seem to want everybody to know it. They advertise the fact extensively. It's the most important fact about the clothes. There are plenty of good-looking clothes for sale that are not all-wool; the makers don't claim they are. They don't say much about it. We like to sell clothes that our customers can be positive about, goods that you don't have to take anybody's word for, clothes you know are good. They are easy to sell and a satisfaction to everybody.
